

# ResAlliance

**Landscape resilience knowledge alliance for agriculture and forestry in the Mediterranean basin**

 Project coordinator | **European Forest Institute**

 Duration | **December 2022 – November 2025**

## Goal

Enhance landscape resilience by gathering and sharing knowledge and practical solutions to the challenges that forestry and agriculture face due to climate change (droughts, wildfires, extreme weather events, etc.).

 **Co-funded by the European Union**

 Schweizerische Eidgenossenschaft  
Confédération suisse  
Confederazione Svizzera  
Confederaziun svizra

### Funding programme

Horizon Europe (HORIZON-CL6-2022-GOVERNANCE-01-12)

Project number: **101086600**      Contribution (€): **2.989.515,00 €**

## Key outputs

### Resilience support resources

Key examples:

-  **White paper on policy recommendations for landscape resilience in the Mediterranean region.**
-  **Landscape resilience blueprint for the wider Mediterranean region.**

### Practice catalogue

**121 factsheets** featuring resilience solutions in governance, management, technology, and finance.  
Multilingual.

### MOOC

**Resilience for Mediterranean Landscapes.**  
Engaging video lessons featuring solutions in 5 Mediterranean countries.  
Multilingual.

### LandNet Knowledge Network

Fostered new collaborations and expertise sharing.

## Impact

2220 LandNet members

> 120 innovators engaged

50 dissemination events attended

~500 local stakeholders engaged

5 regional Landscape Resilience Labs and 2 focal points established to engage local stakeholders, with 28 knowledge-exchange events held

## Partners
